## SYNTACTIC THEORY

[DOWNLOAD](#)

Palgrave MacMillan, United Kingdom, 2011. Paperback. Book Condition: New. 2nd Revised edition. 232 x 154 mm. Language: English . Brand New Book. This is a highly recommendable book. It elegantly introduces generative grammar as an empirical science. Written in a clear and friendly tone, it is extremely readable and makes complicated linguistic theory accessible to students - Ken Ramshoj Christensen, Aarhus University, Denmark This clear and practical introduction to Syntactic Theory introduces students to theory building, hypothesis testing and evaluation through the framework of Chomsky s Government-Binding Theory. Initial chapters guide the student through essential topics such as X -Theory, Transformations and elementary Binding Theory, progressing to cover more advanced issues such as Reconstruction, the light verb vP and control as movement. Presenting the core linguistic theory and problem solving skills that are essential to the subject, this updated and revised second edition features: \* New material on the Minimalist Program and Government-Binding Theory \* Expanded chapters on Phrase Structure and Functional Categories \* A wealth of new tree diagrams as well as revised end-of-chapter exercises The liberal use of in-text exercises engage the reader at every stage of theory-development, while an Open Issue at the end of each chapter encourages active participation and further exploration of the chapter s topic. With an engaging, informal style, Syntactic Theory makes the most difficult topics accessible to a wide range of students.
