Reviews

Definitely among the best book I have possibly read. I have study and i am sure that i will going to go through once more once more later on. Your lifestyle span is going to be convert when you full looking at this publication.

(Prof. Damon Kautzer III)

MARITIME PIRACY

Routledge. Paperback. Book Condition: New. Paperback. 184 pages. Dimensions: 8.4in. x 5.4in. x 0.6in. Maritime Piracy is now a pressing global issue, and this work seeks to provide a concise and informative introduction to the area. Never truly having receded into a romanticized past, seaborne banditry's rapid growth was stimulated by low risks and increasingly high rewards. Currently, obsolete, incomplete and complicating structures and norms of governance, together with advances in technology, enable a lucrative business model for pirates, as they effectively operate with impunity and claim increasing ransoms. Beginning with an overview and historical development of piracy and the relevant maritime governance structures, this work progresses to examine how 20th century shifts in global governance norms and structures eventually left the high seas open for predatory attacks on one of the world's fastest growing and essential industries. Moving through contemporary debates about how to best combat piracy, the work concludes that the solution to a chronic global problem requires a long-term, holistic, and inclusive approach. Examining militaristic, legalist and humanitarian strategies and offering a critical evaluation of the various problems they bring, this work will be of great interest to all students and scholars of international law, international organizations and maritime security. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
