Coming with President Wylie to it, when he became its President in 1829, I graduated in the class of 1831, and soon after became a citizen of Bloomington. Warmly attached to the University, I have closely watched the causes which have depressed it for more than half a century, and can no longer remain in opposition to these causes as a private individual, but must assume a more public position by placing before you, the representatives of the people, what I know are the true causes of its want of prosperity. I do so in the pamphlet I now lay before you, hoping that, old as I am, I may still live to see my Alma Mater assume its true place, as the successful and honored bead of that system of public instruction, which should be cherished by every citizen.
