Members will have 7 days to submit open-ing statements for the record. Are there any other Members that wish to make statements UPPERSBERGER Mr. R. Real quick, Mr. Chairman. Thank you for the hearing. During the hearing last year on this subject, we learned that GAO found some significant deficiencies in the various Federal agency COOP plans, and that those deficiencies were due in part to inadequate guidance from FEMA. I was very disturbed by GAOs findings, because, as we all know, the Government cannot function without reliable and realistic plans for continuity. Now, I understand that GAO did a followup study to gauge FEMA and agency progress as of May 1, 2004, in developing COOP plans. I have conflicting feelings about their findings. On one hand, I am pleased there was some improvement in the number of agen-cies with COOP plans, but on the other hand, it is disappointing that two major agencies still had no plan as of May 1, 2004, and that FEMAs oversight was still considered inadequate. I am encouraged that FEMA has since reissued and expanded their Federal Preparedness Circular 65 to address GAOs concerns regarding their lack of guidance to the agencies. Hopefully with the update, FPC - 65, all agencies will at least have some plan on the books. The next step is to ensure that the plans are adequate and effective in maintaining essential government operations during a crisis. I am looking forward to the discussion as to how telework can become a vital part of agency COOP plans....
