Anness Publishing. Paperback. Book Condition: new. BRAND NEW, Simple Science, Armadillo Press, With over 50 reusable stickers, this exciting book will make learning about science a creative and enjoyable experience for the preschool child. It introduces concepts such as air pressure, bouyancy, temperature, movement and senses in ways that are easy to understand - it's not rocket science! Pictures interact with simple text to help children develop an awareness of the world around them. Reusable stickers mean that youngsters can repeat the learning experience time and time again. You can stick on some wind-blown leaves, find some heavy things that sink, serve some hot and cold drinks, identify parts of the body, and much more. Lively pictures of real children, animals, toys and other items in familiar, everyday situations that will capture every young reader's interest. This stimulating play-and-learn book is fun to look at and helps young readers to take their first steps in understanding the principles of science. Little ones will develop their skills as they match sticker word labels to the right pictures, or find pictures to fit the words. You can find insects to collect nectar from flowers, add musical instruments to the noisy band, and balance Freddy Frog's friends on a tightrope. The stickers can be reused, so children can repeat the play-and-learn process many times over, or create their own sticker books or posters.
