## PSYCHOTHERAPY AND THE ULTRA-ORTHODOX COMMUNITY: ISSUES AND TREATMENT

Golden Sky, United States, 2015. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This book contains a potpourri of articles written by haredi and religious mental health practitioners who were employed in a haredi sponsored mental health clinic that treated religious patients. The book is divided into two parts, part one addresses mental health issues and part two applies those issues in treatment cases. In part one, I found the article by a haredi psychoanalyst who described in an open and forthcoming manner the internal conflicts she faced in treating patients from the haredi community fascinating. Other interesting topics discussed in this section include rabbinic attitudes towards psychological treatment, clergy-clinician cooperation in treatment, and responsa by prominent haredi and orthodox rabbis to halachic questions raised by therapists in the treatment process. In the second part, highly creative and successful treatment interventions are described. I believe that mental health professionals, religious and secular, can gain practical insights and ideas for treatment from this book, particularly when working with a haredi and religious population. Psychologist at the Young Women s Breast Cancer Clinic-Tel Hashomer Hospital, Ramat Gan and at Linda Joy Pollin Cardiovascular WellnessCenter for Women-Hadassah Hospital, Jerusalem. Neuropsychologist-conducts neuropsychological and psycho-didactic evaluations, Efrat) --- I was glad to see that an English version of the previously published Hebrew book, Psychological Treatment and the Haredi Community: Issues and Case Studies, is available for the English speaking public. I believe that mental health practitioners, rabbis and those interested in the interface between psychotherapy and Judaism will enjoy and benefit from this interesting and informative book.
