There has been established at the University a student branch of the American Society of Mechanical Engineers to which all junior and senior mechanical engineering students are eligible. Electrical Engineering The department has been accumulating the apparatus and equipment necessary for the installation of a standardizing laboratory. This apparatus and equipment was completed during the past year and installed in room 208 Thaw Hall. We now have available a first class standardizing laboratory which is a great convenience not only to the electrical engineering and physics departments but is used to a considerable extent by outsiders. This-use will undoubtedly be extended from time to time. There has also been installed a sixty thousand volt transformer with all the necessary incidental appliances and connections for...
